

HARPSICHORD FOR SALE FOR \$1,500

8'x8'x4' Concert Flemish Harpsichord; Built by Lutz Bungart, Seattle 1973
Made from B G and W instrument plans; Non transposing instrument w/modern strings
Key compass is AA-F 57 notes; Has a peau de buffle stop
Well-constructed, with no sounding board cracks
Stored in the offices of the Olympia Symphony Orchestra, Olympia, WA

Bought in 2007 from Northwest Chamber Orchestra by Stewart Kershaw, former conductor of the Pacific Northwest Ballet Orchestra. He now needs to sell it.

In September, 2023, Michael Reiter, keyboard tuner and harpsichord builder/restorer from U. of Oregon, Eugene, assessed the instrument in-person. Some of his comments are above. It was then tuned for a performance with the Olympia Symphony Orchestra. Mike Reiter recommended a tune-up to 'regulate' it, which would probably cost around \$800. He estimated its worth to be around \$2,500.

For more photos and/or information please contact Mr. Kershaw's POA's:
